WHAT IS WOMEN EMPOWERMENT CELL (WE CELL)?

To provide assistance in web designing, administration and social media campaign for college with W- Cell.

To provide assistance to female students with Govt. schemes for their startups.

To provide career counseling by Mentors & Opportunity to work with experts/ mentors for internship.

Provide Industrial exposure to the students interested in entrepreneurship programs.

To train the students in the preparation of business plan and to organize business plan

competitions in the university.

To increase international competencies of women entrepreneurs by taking part in International Network & Exchange program.

To provide training to the faculty at College to make them familiarize to new innovation and aware them about recent development and terms used in the ecosystem so as to develop strategic decision making and creating board of startups.

To provide direct access to a pool for resource and mentor network.

Objective of Womennovator Cell (Society)

To support females, with the help of our Investor network and women entrepreneurs in extending their expertise in their respective fields strengthening India's entrepreneurship ecosystem.

Fostering initiatives to create awareness about the importance of women led entrepreneurship.

To conduct joint outreach awareness activities to encourage student's startup programs across the country.

STUDENT EVANGELIST

Participation in womennovator provides university and school students with the opportunity to make a meaningful difference in their communities, while gaining the experience, skills and contacts necessary to build a successful career.

PROJECT

You will work on several challenging and interesting projects as part of WE-Cell. An example of this is our Management Planner 2021/22 Project

Neeru Bhooshan	
Catalyzing the growth of ideas	
Womennevalor Nears Bhooshan, breaking the stensotypical ideology of those people who ballese that women are always a step betted min, has achieved an applicatable and	
phenomenal auccess.	
Bore and brought up in family that had the conservative thinking of pretering boys over the get child, she faced the adversibles right from the beginning. However, in this hookile environment.	
that tried to object and obstruct the growth of women site found a support in her father. Her	
father know the importance of education and hence supported Naenu to complete her education despite facing objections by the	
unwilling family mentions.	
Neens, got the opportunity she required to prove hence and completed her reducation of MSG with flying colors. Further, after she got married, she again guit the support of her speuse who not only supported her in the endowers of her job but also encouraged her to complete her further education and got an equated degree of PHs.	***************************************
Now, a modern buty with a modern cullock, she has decided to not only work for her own growth, but also by to be a catalyst by naming an	
leculation center where she is incutating young minds who have bright ideas, and just require a support to lay their forward.	
She has auccessfully incubated about 25	
startups, giving them a platform to bring out the best in them and take a plunge towards success. Sine is also organizing entreprensumal	
development programs and also taking technology from maides of a lab to the general people.	
pooles.

Tripti Shinghal Somani, Founder Womennovator

As person she believes "Two things: Be a Lady - don't let yourself overcome by emotions & Be Independent - you may be a queen of a family but be able to defend for yourself"

It is imperative that we celebrate and recognise women from different fields who are instrumental in making more women join, continue, and grow in the workforce.

Our aim is to bring more and more women from all work of life to create small business and grow them in a collaborative atmosphere supported also by Men.

Meet extraordinary women, all under one roof.
